

## **Jose Gonzalez**

2022- current: First year head coach for an indoor team. Team finished 3<sup>rd</sup> in gold in 4 out of the seven tournaments of the season. Looking to growing and learning more with each new season and team.

### **Experience:**

I have played volleyball for over 14 years, with beach volleyball being my first introduction to the sport. Throughout the years I have competed in tournaments throughout the southeast, with FUDS being the biggest and always having two tournaments a year; and making it as far as the semi-finals in every tournament.

I now have a full season of indoor coaching under my belt, and I look forward to helping grow and develop the next generation of volleyball athletes, while also helping teach life lessons that can be exercised on and off the court.
